Christine's hobbies include spending time with family (while they watch and/or participate in sports, including her husband coaching in the Regionals of the Little League World Series!), chasing grandchildren, and making memories with friends.

James learned firsthand that there was insufficient funding for childhood cancer research. In 2014, James lost his battle, but between the time of his diagnosis and his passing, he selflessly started the foundation and dedicated his life to improving the lives of other children with cancer by raising their spirits, raising the public's awareness, and funding research to improve the treatment and survivability of pediatric cancers. Since 2010, the TOKC Foundation has raised more than \$3,000,000, which has been matched dollar for dollar by M.D. Anderson Cancer Hospital. Christine is passionate about this foundation and hopes to continue assisting in James's dream to find a cure and to improve the lives of children diagnosed with cancer. For more information about this foundation or ways to volunteer or seek assistance, go to [www.triumphoverkidcancer.org](http://www.triumphoverkidcancer.org).
